ABSTRACT

The tables of which this report consists provide a statistical summary of the number of Maricopa County Community College District (MCCCD) students who transferred to and graduated from Arizona State University (ASU). The first set of tables presents figures on the number of undergraduate transfers from MCCCD colleges to ASU by major, for summer 1982 through spring 1988, while the second set provides information on upper-division transfers for the same period. For each ASU division, the number of MCCCD transfers, the percentage of MCCCD transfers enrolled in that division, the total ASU enrollment, and the percentage of division enrollment represented by MCCCD transfers are indicated. The next set of tables focuses on the numbers and percentages of bachelor's degree graduates who transferred from MCCCD colleges by ASU major, for summer 1984 through spring 1987. Finally, information on the number of students concurrently enrolled at ASU and MCCCD is presented. (JMC)
